

## Course Set - HLTAID009 & UETDRRF004 (CPR / LVR)

The CPR and LVR course are essential if you are conducting live work or working with live switchboards. The course covers the performance of rescue procedures from a live Low Voltage (LV) apparatus, not including overhead lines and underground cables in the workplace.

It specifies the mandatory requirements of rescue from a live LV panel and how they apply in the context of transmission, distribution, or rail work functions. It encompasses responsibilities for, health, safety and risk management processes at all operative levels and adherence to safety practices as part of the normal way of doing work.

Completing the course will provide an individual with the skills and knowledge to carry out and complete the LV panel rescue procedures and to perform cardiopulmonary resuscitation (CPR) on a casualty in a range of situations. It consists of real-life practical skills and knowledge to allow the participant to be assessed as competent in providing CPR in line with Australian Resuscitation Council (ARC) Guidelines as well as rescue procedures from an LV apparatus.

Low voltage rescue comprises responsive operations that involve the saving of life, or prevention of injury during an incident or dangerous situation.

### Provider of Training and Assessment

This course is delivered and assessed on behalf of  
Allens Training Pty Ltd RTO 90909

by

OCD Training, Assessing & Consulting

## Important information prior to enrolment

### Unit Being Delivered

The following unit(s) will be awarded to successful participants in this course. The certificate will be issued by Allens Training Pty Ltd RTO 90909.

- **Course Set - HLTAID009 & UETDRRF004 (CPR / LVR)**
- **HLTAID009 - Provide cardiopulmonary resuscitation**
- **UETDRRF004 - Perform rescue from a live LV panel**

To view full unit details please visit [www.training.gov.au](http://www.training.gov.au)

## Course Delivery

This course will be delivered:

- In the workplace or at an OCD Training, Assessing & Consulting facility

## Entry Requirements

- Physical capability to be able to meet the demands of the practical demonstration skills including CPR (Important note: In order to issue an accredited certificate CPR must be performed on the floor with no exemptions)
- Physical fitness to be able to meet the demands of the practical demonstration skills including manual handling in the rescue of a mock casualty
- Sufficient English language, literacy, numeracy, and visual interpretation skills to successfully complete the course
- Personal safety equipment (PPE) must be provided by the student and worn during practical sessions
- Online study option: Students must have access to a computer, smartphone, tablet or other electronic devices with access to the internet to complete the online studies and practical assessment

### Course Duration (face to face)

- |  |                    |
|--|--------------------|
| • Refresher min. duration                | <b>210 minutes</b> |
| • Blended min. duration                  | <b>210 minutes</b> |
| • Face-to-face min. duration             | <b>300 minutes</b> |
| • Online with face-to-face min. duration | <b>30 minutes</b>  |

## Assessment Requirements

Individuals undertaking this course will be expected to complete both written and practical assessment tasks.

## Certificate Renewal Requirements

This certificate does not require renewal

## Course Fees and Payments

- Please refer to our booking calendar for individual **Course Fees**.
- **Refund and fee protection policy** – Please refer to the student handbook.
- **Payment Terms** – Payment for individual participants is upfront, group booking payment terms are based on agreement between the client and service provider.

## Work Placement Arrangements

No work placement will be required as part of this course.

## Learners Rights, Responsibilities and Support, including Complaints

Please note that enrolment to this course is made with Allens Training Pty Ltd RTO 90909. Please refer to the student handbook located on the RTO website [www.allenstraining.com.au](http://www.allenstraining.com.au) for all details relating to rights and responsibilities including complaints and appeals.

## What happens at the course?

### Learning Activities

Delivery of course information and learning activities.

### Assessment Activities

Assessments conducted during face-to-face training session(s) include:

- **Performance tasks** – The assessor must observe the following performance tasks:
  - Perform CPR on an infant (DRSABC)
  - Perform CPR on an adult (DRSABCD)
  - Inspection and placement of rescue equipment and performing a rescue
  - Low voltage panel rescue
- **Theory assessment** – A written assessment consisting of multiple-choice questions. The student must successfully complete all assessment questions.
