SECTION 3 COURSE INFORMATION

Accredited Training Programs

Accredited programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

The specific skills and knowledge required for a workplace activity are set out in Units of Competency which can be grouped together to formulate the completion of a nationally recognised qualification. Nationally recognised qualifications are outlined in Training Packages. These can be viewed at www.training.gov.au.

Each qualification has a list of employability skills which describe the non-technical skills and competencies that are important for effective and successful participation in the workforce. For each qualification there are specific employability skills listed under the following headings:

- Communication
- Teamwork
- Problem solving
- Initiative and enterprise
- Planning and organizing
- Self-management
- Learning
- Technology.

These employability skills will be part of the assessment requirements of a nationally accredited course.

Competency

It is important to note that the rules and requirements of a Unit of Competency and a qualification are applied to all Students regardless of where they are, or the mode of training delivery provided. You could be a full-time student in a classroom or the workplace, or you could be applying for recognition of the skills and knowledge currently held.

Each Unit of Competency is made up of the following:

- Elements.
- Performance criteria.
- Required knowledge and skills.
- A range of variables.
- Critical aspects of evidence.
- Any pre or co requisites (if applicable).

To be deemed Competent in any Unit of Competency you must be able to provide evidence of the required skills and knowledge to complete work tasks to the standard that is required in the workplace. Skills need to be demonstrated in a range of situations and environments (which could include simulated applications in a learning environment) over a period.

Evidence

Evidence is the material proof that you have performed the specified competency or task to the required standard. Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, Government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit/module.

Examples of evidence could include one or more of the following:

- Specific assessments tasks set by your Assessor
- Observation reports
- Certificates and awards
- Examples of work completed or special projects
- Current licenses
- Position descriptions and performance reviews
- Third party reports
- Question responses
- Tests

Your evidence must also demonstrate the following:

- That you can do the job or task to the required standard
- Understand why the job should be done in a way
- Handle unexpected issues or problems
- Work with others 'in a team'
- Do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements
- Know the workplace rules and procedures

Assessment

Assessment is an integral part of your learning if you wish to complete successfully and gain certification.

The assessment process will be explained at orientation and throughout your program. Assessors will also be available to you if you have any questions.

Assessment is the process of collecting evidence and making judgement on whether competency has been achieved to confirm that an individual can perform to the standards expected in the workplace and as expressed in relevant competency standards.

Throughout the training program you will be assessed to see if you have gained the necessary skills and knowledge to achieve the qualification. Your trainer/assessor is required to ensure that the assessment tasks you undertake meet the national principles of assessment and rules of evidence (see below for more information).

Various assessments tasks /activities may be involved including, but not limited to:

- Observation of performance.
- Assignments.
- Written activities.
- written / oral questioning.
- oral presentations.
- workplace performance
- projects
- case studies.
- role plays/ simulations.
- demonstration of skills.
- online assessments.
- portfolio of evidence.

Certification will only be given to Students who successfully complete all assessment requirements for a course.

ALL STATES TRAINING is required to meet stringent quality requirements in the conduct of all assessments.

The ALL STATES TRAINING has carefully constructed and developed assessment resources to meet these quality requirements, as well as be user friendly to clients.

Principles of Assessment

Assessments will be conducted in accordance with the following principles of assessment.

Valid	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> • Assessment against the unit/s of competency and the associated assessment requirement covers the broad range of skills and knowledge that are essential to competent performance. • Assessment of knowledge and skills is integrated with their practical application. • Assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • Judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessments requirements.
Reliable	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.
Flexible	<p>Assessment is flexible to the individual learner by:</p> <ul style="list-style-type: none"> • Reflecting the learner's needs. • Assessing competencies held by the Learner no matter how or where they have been acquired; and • Drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Fair	<p>The individual learner's needs are considered in the assessment process.</p> <p>Where appropriate reasonable adjustments are applied by the RTO to consider the individual learner's needs.</p> <p>The RTO informs the learner about the assessment process, and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary</p>

Rules of Evidence and Assessment

ALL STATES TRAINING is required to ensure that all evidence provided by clients, as proof of their competency, meets the following "rules of evidence".

Valid	The assessor is assured that the learner has the skills, knowledge, and attributes as described in the module or unit of competency and associated assessment requirements.
Sufficient	The assessor is assured that the quality, quantity, and relevance of the assessment evidence enables a judgement to be made of a learner's competency.
Authentic	The assessor is assured that the evidence presented for assessment is the learner's own work.
Current	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Course Assessment

There will be assessment tasks set for each course regardless of the learning mode. Assessment activities and expectations will be explained to clients and are outlined within learner / assessment resources.

Many courses require assessment to be completed after the course, as workplace performance is essential in competency-based learning.

Presentation of Assessments/ Assignments

- All assessments should be typed.
- Handwritten assessments are accepted; however, handwriting must be clear and easy to read.
- If you are mailing an assignment, it must be received by the due date. ALL STATES TRAINING does not accept responsibility for any lost assignments. **Please ensure you keep a copy of your assignment prior to submission.**
- All assignments are registered as they are received.
- We endeavour to assess all assessments within 15 working days of receipt.
- Students are entitled to one resubmit assessments. If the re-submissions are still deemed NYC, Students may be offered the opportunity to re-submit at a fee. No further re-submits are allowed. Students must re-enrol in the course again, paying the full course fee of the day.

Assessment results

Results of assessment are provided to Students as soon as is practical. These results are available by contacting our office. Assessment results are always confidential and will not be given to any other party unless a written request signed by the Student is received in advance.

Reasonable adjustments

Students with disabilities are encouraged to discuss with ALL STATES TRAINING any 'reasonable adjustments' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however be circumstances where it will not be reasonable or reasonably practicable for the ALL STATES TRAINING to accommodate or where other adjustment may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency-based training and assessment.

Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment you must communicate with your assessor and apply for an extension.

Certificates

Types of Certification

In general, four types of certificates are issued by ALL STATES TRAINING. Certificates can only be awarded by ALL STATES TRAINING in accordance with our approved qualification scope.

- **Qualification** – issued under the Australian Qualification Framework (AQF) for nationally recognised training. Full qualifications can only be issued once the Student has been deemed competent across all the relevant units of competency making up the qualification.
- **Record of Results** – accompanies a qualification issued under the Australian Qualification Framework (AQF) for nationally recognised training. This document supplements the qualification listing all units of competency achieved for the qualification.
- **Statement of Attainment (SOA)** – issued under the Australian Qualification Framework (AQF) for nationally recognised training. Issued when a Student is deemed competent in a unit or a cluster of units of competency. Minimum achievement for a SOA is one unit of competency. You can request a SOA at any time during your training.
- **Statement of Attendance (SOAT)** – for non-nationally recognised training. Issued when a Student attends a short course which is not within the Australian qualifications framework (AQF). To receive a Certificate of Attendance, the Student must have a satisfactory attendance rate.

Certificates will be emailed to students at their nominated email address as shown in their Enrolment form. The onus is on the Student to ensure their address details are correct.

Certificates will not be sent to other parties, without the expressed prior written permission from the client. Duplicate or replacement copies of certificates incur a fee.

Course Delivery

ALL STATES TRAINING ensures the following resources are in place:

- Trainer/assessors and Assessors with appropriate qualifications, and experience.
- Course materials appropriate to the methods of delivery and assessment requirements.
- All necessary copyright authorisations.
- Appropriate equipment and facilities.

Training and assessment methods used by ALL STATES TRAINING meet specific quality requirements and are chosen to best suit the unit of competency, while giving consideration to the learning style of the client. The provision of training often includes a blended approach with a combination of on and off-the-job methods.

Several delivery methods will be used throughout the training to help you achieve the necessary skills. Learning is a partnership that involves participation from all involved.

Delivery methods may include, but are not limited to:

- Practical demonstrations
- audio/visual presentations
- group participation/ discussions
- trainer/facilitator instruction
- practical activities
- self-paced activities
- individual projects
- workplace based training
- case studies

Flexible Delivery

Flexible delivery focuses on learning rather than teaching and to provide the best possible learning experience for the client. This means that the Student has greater control over what, when and how they learn.

ALL STATES TRAINING offers various forms of delivery to accommodate the varying needs of clients. Modes of delivery available for most courses include classroom (face-to-face) environment, workplace –based, correspondence, on-line, Recognition of Prior Learning (RPL) or a combination of these.

Language, Literacy and Numeracy

Each Training Package sets a minimum requirement in language, literacy, and numeracy skills of participants, with which the ALL STATES TRAINING must abide.

ALL STATES TRAINING makes appropriate concessions for language, literacy, and numeracy issues of Students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

Where there are entry requirements for courses e.g. literacy in English and numeracy, these are clearly stated in pre-enrolment and enrolment information.

Advice is given to all Students on appropriate actions if there is a need to update literacy and numeracy skills. ALL STATES TRAINING can assist in providing this additional development prior to completing your enrolment into vocational skills.

Recognition

Recognition is the collective term and includes:

- Recognition of prior learning (RPL);
- Recognition of current competency (RCC);
- Credit transfer (CT); and
- Mutual Recognition (MR).

All Students have the opportunity to apply for recognition. This means that you can submit evidence for a Unit(s) of Competency and have it assessed by a qualified Assessor without completing the training.

ALL STATES TRAINING believes that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

ALL STATES TRAINING always aims to maximise the recognition of a learner's prior skills and knowledge whilst maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification offered by ALL STATES TRAINING may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard you need to contact our Office on 07 4123 0415 who will provide the information you need to complete an application.

Recognition Process

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that Recognition is an **assessment process** not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a Student through:

- previous formal training
- work experience, and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the students entitled in relation to a course/qualification. The main focus of Recognition is what has been learned rather than how, where or when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note, the onus is on the Student to document and present evidence to justify a claim for recognition and present their case to the satisfaction of the Assessor.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

Recognition Decision

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Full requirements of the Unit of Competency(s);
- Any Regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is sufficient evidence to make a judgment.

ALL STATES TRAINING is committed to ensuring that all judgments made by Assessors against the same competency standards are consistent. Your Assessor will examine the evidence that you present and then make a judgment on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your assessor will advise you what you can do if you receive a NYC for your assessment task. If you are deemed NYC in your initial assessment, you are allowed a second attempt. However, if you are deemed NYC in the second attempt, you will be required to re-enrol. Please talk to your assessor if you have any concerns.

For further information on Recognition, please see ALL STATES TRAINING Recognition policy.

Mutual Recognition
