

## Advanced Resuscitation Course

This Advanced Resuscitation course is delivered in line with the Australian Resuscitation Council guidelines and first aid code of practice and applies to those who may be required to provide first aid, CPR and oxygen in a range of complex situations, including community and workplace settings.

Simulated real-life situations will be used to develop the skills and knowledge for using and maintaining specialised equipment for the provision of first aid, resuscitation, and oxygen therapy.

Instruction on first aid and CPR will be provided, as well as treatments specific to advanced conditions, such as inserting an appropriate basic airway adjunct, using tourniquets and haemostatic dressings for life-threatening bleeding, and administering oxygen safely at the correct flow rate.

The course covers recording casualty condition, conveying incident details, completing workplace incident documentation, and debriefing for recognising areas for improvement, psychological impacts, and seeking help as required.

### Provider of Training and Assessment

This course is delivered and assessed on behalf of  
Allens Training Pty Ltd RTO 90909

by

OCD Training, Assessing & Consulting

TRAINING AND ASSESSMENT DELIVERED ON BEHALF OF

 **Allens Training**  
Pty Ltd

Quality Assured Training  
for over 20 years

## Important information prior to enrolment

### Unit Being Delivered

The following unit(s) will be awarded to successful participants in this course. The certificate will be issued by Allens Training Pty Ltd RTO 90909.

**HLTAID015 - Provide advanced resuscitation and oxygen therapy**

**HLTAID009 - Provide cardiopulmonary resuscitation**

To view full unit details please visit [www.training.gov.au](http://www.training.gov.au)

### Course Delivery

This course will be delivered:

- In the workplace or at an OCD Training, Assessing & Consulting facility
- Online learning with face-to-face assessment

### Entry Requirements

Participants must have the physical capacity to perform the practical demonstrations, such as 2 minutes of uninterrupted CPR on the floor.

Online study: Students must have access to a computer, smartphone, tablet or other electronic devices with access to the internet to complete the online/ pre-course studies.

This course has a **pre-requisite of HLTAID011 Provide first aid** which must be completed prior to undertaking this unit of competency.

**PLEASE NOTE:** HLTAID003 Provide first aid is not equivalent to HLTAID011 Provide first aid and can therefore **not be used** as a substitute for the pre-requisite requirement.

### Course Duration

- **Face to Face minimum duration:** 360 minutes
- **Online delivery with face-to-face Practical assessment minimum duration:** 210 minutes

### Assessment Requirements

Individuals undertaking this course will be expected to complete both written and practical assessment tasks. These are detailed in the sections following.

### Certificate Renewal Requirements

Certificates will require renewal after 12 months

## Course Fees and Payments

- Please refer to our booking calendar for individual **Course Fees**.
- **Refund and fee protection policy** – Please refer to the student handbook.
- **Payment Terms** – Payment for individual participants is upfront, group booking payment terms are based on agreement between the client and service provider.

## Work Placement Arrangements

No work placement will be required as part of this course.

## Learners Rights, Responsibilities and Support, including Complaints

Please note that enrolment to this course is made with Allens Training Pty Ltd RTO 90909. Please refer to the student handbook located on the RTO website [allenstraining.com.au](http://allenstraining.com.au) (<https://allenstraining.com.au/students/student-handbook>) for all details relating to rights and responsibilities including complaints and appeals.

## What happens at the course?

### Learning Activities

Delivery of course information and learning activities.

### Assessment Activities

Assessments conducted during face-to-face training session(s) include:

- **Performance tasks and practical scenarios:** – The assessor must observe the following performance tasks:
  - Perform CPR on an adult (incl. the use of bag-valve-masks, oxygen equipment, an AED and placing the casualty into the recovery position)
  - Perform CPR on an infant
  - Manage a casualty with a life-threatening bleed and provide oxygen
  - Complete an incident report
  - Maintain resuscitation equipment.
- **Theory assessment** – A written assessment consisting of multiple-choice questions. The student must successfully complete all assessment questions.
