

## First Aid and Advanced Resuscitation And Oxygen Therapy Course Set

With instruction and practical training in line with legal, workplace and community considerations, Australian Resuscitation Council guidelines and other Australian national peak clinical bodies, this first aid course teaches the skills and knowledge to recognise emergencies and provide immediate and effective CPR, first aid treatment and oxygen therapy in a range of complex situations, including community and workplace settings.

This course covers assessing the casualty, providing safety, accessing emergency services, and using resources to provide first aid, such as providing CPR and using a defibrillator, administering an autoinjector for anaphylaxis, administering asthma medication, assisting someone choking, using appropriate immobilisation techniques for envenomation, fractures, dislocations, sprains and strains, managing casualties with non-life-threatening bleeding and shock. Furthermore, simulated real-life situations will be used to develop the skills and knowledge for using and maintaining specialised equipment for the provision of first aid, resuscitation, and oxygen therapy, as well as providing treatments specific to advanced conditions, such as inserting an appropriate basic airway adjunct, using tourniquets and haemostatic dressings for life-threatening bleeding, and administering oxygen safely at the correct flow rate.

### Provider of Training and Assessment

This course is delivered and assessed on behalf of  
Allens Training Pty Ltd RTO 90909

by

OCD Training, Assessing & Consulting

## Important information prior to enrolment

### Unit Being Delivered

The following unit(s) will be awarded to successful participants in this course. The certificate will be issued by Allens Training Pty Ltd RTO 90909.

**HLTAID015 - Provide advanced resuscitation and oxygen therapy**

**HLTAID010 - Provide basic emergency life support**

**HLTAID011 - Provide First Aid**

**HLTAID009 - Provide cardiopulmonary resuscitation**

To view full unit details please visit [www.training.gov.au](http://www.training.gov.au)

### Course Delivery

This course will be delivered:

- In the workplace or at an OCD Training, Assessing & Consulting facility
- Online learning with face-to-face assessment

### Entry Requirements

Participants must have the physical capacity to perform the practical demonstrations, such as 2 minutes of uninterrupted CPR on the floor.

Online study: Students must have access to a computer, smartphone, tablet or other electronic devices with access to the internet to complete the online/ pre-course studies.

### Course Duration

- **Face to Face minimum duration:** 720 minutes
- **Online delivery with face-to-face Practical assessment minimum duration:** 240 minutes

### Assessment Requirements

Individuals undertaking this course will be expected to complete both written and practical assessment tasks. These are detailed in the sections following.

### Certificate Renewal Requirements

This certificate does not require renewal

## Course Fees and Payments

- Please refer to our booking calendar for individual **Course Fees**.
- **Refund and fee protection policy** – Please refer to the student handbook.
- **Payment Terms** – Payment for individual participants is upfront, group booking payment terms are based on agreement between the client and service provider.

## Work Placement Arrangements

No work placement will be required as part of this course.

## Learners Rights, Responsibilities and Support, including Complaints

Please note that enrolment to this course is made with Allens Training Pty Ltd RTO 90909. Please refer to the student handbook located on the RTO website [allenstraining.com.au](http://allenstraining.com.au) (<https://allenstraining.com.au/students/student-handbook>) for all details relating to rights and responsibilities including complaints and appeals.

## What happens at the course?

### Learning Activities

Delivery of course information and learning activities.

### Assessment Activities

Assessments conducted during face-to-face training session(s) include:

- **Performance tasks and practical scenarios:** – The assessor must observe the following performance tasks:
  - Perform CPR on an adult (incl. the use of bag-valve-masks, oxygen equipment, an AED and placing the casualty into the recovery position)
  - Perform CPR on an infant
  - Manage a casualty with anaphylaxis
  - Manage a casualty with asthma
  - Manage a choking casualty
  - Manage a casualty with non-life-threatening bleeding and shock, requiring minor wound cleaning
  - Manage a casualty with a nosebleed
  - Manage a casualty with a fracture and dislocation
  - Manage a casualty with a sprain and strain
  - Manage a casualty with envenomation (snake/ funnel-web spider bite)
  - Manage a casualty with life-threatening bleeding and provide supplemental oxygen

Course Set - HLTAID011 (Provide first aid) &  
HLTAID015 (Provide advanced resuscitation and  
oxygen therapy)

info@ocdtac.com

- Maintain resuscitation equipment
- Complete two separate incident report forms
- **Theory assessment** – A written assessment consisting of multiple-choice questions. The student must successfully complete all assessment questions.
